

## **2.5 The country of origin**

In international exchanges, the official or usual name of country of origin must be mentioned when the product comes from grapes harvested and vinified in this country.

The use of a name of a State such as provided for above is dependent on the agreement of this State:

- when the wine is vinified in a country different to that in which the grapes were harvested,
- when the wine is a result of a blend of wines from different countries.
