RESOLUTION OENO 3/97

IMPORTANCE FOR THE VITICULTURAL SECTOR OF RESEARCH ON THE METABOLISM OF ALCOHOL

THE GENERAL ASSEMBLY,

ON THE PROPOSAL of Sub-Commission « Nutrition and Health » after study by the expert group « Nutrition and Wine »,

AFTER HEARING the latest scientific data on the variability of the population's metabolic response to wines and other alcoholic beverages consumption,

RECOMMENDS to Member States

- To encourage research in this field, notably in the field of products of vitivinicultural origin,
- To take these scientific improvements into account when public health policies are being elaborated.

Certified in conformity Buenos Aires, 5th December 1997
The Director General of the OIV
Secretary of the General Assembly
